Fire Protection

When purchasing property in Josephine County, outside Grants Pass city limits, homeowner’s insurance companies usually require that you subscribe to a private fire protection.

Rural/Metro’s low protection classification rating reduces homeowner’s insurance premiums. Rural/Metro Fire Department responds to fires, motor vehicle accidents, emergency medical situations and rescues to an approximate 300 mile area within Josephine County. Home safety inspections and public education programs are available. If you reside outside Grants Pass city limits, Illinois Valley (Cave Junction), Wolf Creek, Sunny Valley or Williams, please call (541) 474-1218 to see if your property is protected or for additional information on services and programs.

Fire Protection is also available through Grants Pass Rural Fire Dept., (5541) 476-6854.
